## PASTORAL CARE

### Who would like to help with a stewardship program?

Rosefield will be holding a stewardship program later in the year to help address our concerning financial situation. We're planning to run an "in-house" program, so are needing help from people who would like to contribute or have great ideas. If that's you, please speak to Scott Hutchinson, Chair of the Finance Committee, or Dianne Peberdy, Chair of Church Council.

### COVID-19 Emergency Response - India

Friends, Rosefield has been a loyal and generous friend of our world's poor, each year, for over 15 years. Our substantial total giving has been transforming lives individually, generationally, and communally. This is, rightly, a source of joy and is a real service in the name of Christ.

This year is very different. We are all aware that the second wave of COVID-19 is devastating families and communities throughout India with caseloads of more than 400,000 infections daily. Unquestionably, families living in poverty are the hardest hit. India's health system is collapsing, and the country is rapidly sliding into an unprecedented crisis

**Opportunity International** are seeking \$3.5 million in Emergency Funding to reach over 10 million direct beneficiaries in nine states in India.

Opportunity International Australia has an established partner network that reaches millions of families living in poverty. Their focus is to use this trusted network of microfinance operators to rapidly ramp up our essential health programs, using a five-stage approach to address the needs in India right now:

- 1. To prevent infection in vulnerable communities, we're tackling rampant misinformation through SMS, WhatsApp, comics, posters, voice messages and in-person meetings where possible.*
- 2. For those with mild symptoms or exposure to COVID-19, we're distributing food ration kits and medicine so they can isolate safely.*
- 3. To manage COVID-19 cases and mental health at home, we're providing remote care through telemedicine (via helpline and mobile app).*
- 4. For people with worsening COVID-19 symptoms, we're using existing branch offices to set up basic care beds and oxygen and establishing a temporary ambulance service.*
- 5. To expedite mass vaccinations to improve immunity, we're collaborating with local governments to organise and facilitate vaccination camps given our trusted presence in our communities.*

Our response can literally mean the difference between life and death.

The response this year will be focussed on contributing to O I's Emergency Funding.

As you know, your giving is tax deductible.

Thank you Rosefield.

Please forward your gifts by 25<sup>th</sup> June 2021 through:
